#SMILE #BREATHE #LIVE

IT. Siamo consapevoli di vivere in un mondo fragile e meraviglioso. un mondo da proteggere così come la nostra casa, il luogo a noi più caro, dove vivere e respirare in ambienti salubri e ricchi di colore. È per questo motivo che Novacolor ha formulato Puro_VOC free.

EN. We are aware that we live in a fragile and wonderful world. A world to protect as well as our home, the place dearest to us, where to live and breathe in a healthy and colorful environment. It is for this reason that Novacolor has formulated Puro_VOC free.

FR. Nous sommes conscients que nous vivons dans un monde fragile et merveilleux. un monde à protéger ainsi que notre maison, l'endroit qui nous est le plus cher, où nous pouvons vivre et respirer dans un environnement sain et coloré. Pour cela Novacolor a formulé Puro_VOC free.

DE. Wir sind uns bewusst, dass wir in einer zerbrechlichen und wunderbaren Welt leben. eine Welt, die es zu schützen gilt, ebenso wie unser Zuhause, der Ort, der uns am liebsten ist, wo wir in einer gesunden und farbenfrohen Umgebung leben und atmen können. Dafür hat Novacolor Puro_VOC-frei formuliert.

IT. Finitura minerale per interni, ai silicati.

Puro_VOC Free è una finitura minerale opaca per interni, a base di polisilicato di potassio, inodore ed esente da biocidi, composti organici volatili (VOC) e Formaldeide. Puro_VOC Free è formulato con un legante derivante da biomassa sostenibile, che sostituisce materie prime fossili. PURO si applica su qualsiasi supporto murario, pitture di natura minerale e sintetica o direttamente su cartongesso. L'elevata traspirabilità e la natura alcalina aiutano a preservare le superfici dalla formazione delle muffe.

Applicare Puro_VOC free a rullo, pennello o airless.
Resa: 5-6 m²/l nei due strati.
Per maggiori informazioni consultare la scheda tecnica.

EN. Mineral finish for interiors, silicate-based

Puro_VOC Free is a water-based matt mineral finish for interiors, formulated with polysilicate of potassium, odorless and without biocides, volatile organic compounds (VOC) and Formaldehyde.

Puro_VOC Free is formulated with a special binder, made from sustainable biomass, that replaces the fossil raw materials.

It is suitable for the application on each kind of walls, mineral or synthetic paints, and direct application on plasterboard. The high breathability and alkaline nature help to preserve the substrate from mold development.

Application with roller, brush or airless.
Yield: 5-6 m²/l in two layers.
For more information please check the technical data sheet.

FR. Peinture à l'eau transpirante aux silicates pour intérieurs.

Puro_VOC Free est une peinture minérale mate pour intérieurs, à base de polysilicate de potassium, inodore et sans biocides, composés organiques volatils (COV) et Formaldéhyde. Puro_VOC Free contient un liant spécial, produit à partir d'une biomasse durable pour remplacer les matières premières fossiles.

Sa formule rend Puro_VOC Free indiqué pour l'application sur tout type de support mural, toute peinture de nature minérale et synthétique et pour l'application directe sur placoplâtre. Son haut pouvoir transpirant et sa nature alcaline aident à protéger les surfaces contre la formation des moisissures.

Application avec rouleau, pinceau ou spray.
Rendement: 5-6 m²/l en deux couches.
Pour plus de renseignement, merci de consulter la fiche technique.

DE. Atmungsaktive Wasserfarbe für Innenbereiche auf Silikatbasis.

Bei Puro_VOC Free handelt es sich um eine matte, mineralische Wasserfarbe für Innenbereiche auf der Basis von Kaliumpolysilikat, die geruchlos und frei von flüchtigen organischen Verbindungen (sog. VOC, volatile organic compounds) sowie Formaldehyd ist. Puro_VOC Free ist mit einem besonderen Bindemittel formuliert, dass gemäß dem „Mass-Balance“-Ansatz mit einer nachhaltigen Biomasse anstelle von fossilen Rohstoffen hergestellt wird.

Ihre Formulierung macht sie für die Anwendung auf Untergründen jeglicher Bauart und auf synthetischen Anstrichen geeignet. Ihre hohe Atmungsaktivität und alkalische Natur verhindert die Bildung von Schimmel auf den damit behandelten Flächen.

Anwendung: mit Rolle, Pinsel oder Airless.
Ergiebigkeit: 5-6 m²/l in den zwei Schichten.
Weitere Informationen finden Sie im technischen Datenblatt.
